CHINQUALLY BOOTERS SOCCER CLUB

February 12, 2017

Parents, Coaches and Families,

Tonight, The Thurston County Youth Soccer Association (TCYSA) voted to expel the Chinqually Booters Soccer Club (CBSC) from TCYSA. While this action taken by TCYSA is unfortunate on many levels, we want our families to know that CBSC will continue to be a strong youth soccer program for all families and we will continue with both our recreational and competitive programs that so many families are familiar with. CBSC has been providing soccer for kids in Lacey since 1972. We are committed to our community.

CSBC is confident that the actions taken by TCYSA this evening are in direct violation of the policies and bylaws that govern soccer in the United States. We have already been working with the appropriate national organizations to resolve this issue and feel we have their full support. However, CSBC was fully prepared for this potential outcome and would like to assure our parents and players that CSBC will be providing local, uninterrupted spring and summer soccer for both its recreational and competitive teams. Our over 1300 players will continue to have a home with CBSC.

We value your support and are looking forward to a wonderful spring season.
